DETAILED ACTION

1. Claims 1-38 have been presented for examination based on the amendment filed on 11th July 2005 for application 10/025,268.
2. Claims 1-38 have been amended.
3. Objection to Drawing are withdrawn in the view of corrected drawing & supporting specification submitted to the office.
4. Objection to Title is withdrawn in the view of new title submitted to the office.
5. Objection to Specification is withdrawn in the view of corrected specification submitted to the office.

Claim Objection

6. Amended claim 29 discloses, "stets of instructions". There seems to be a grammatical error in the claim.

Response to applicant's arguments & amendment for

Claim Rejections - 35 USC § 102

7. Regarding Claim 1, 5, 12, 16, 20, 24, 29, 33 and 37

Applicant argues that Banerjee does not teach a data storage module to store emulation data to emulate an electronic apparatus. Examiner respectfully disagrees with applicant as Banerjee teaches DRAM 111a that is volatile and stores the emulation data (Col.11 Lines 15-30). Further, Applicant argues that Banerjee does not teach a controller to control the communication of emulation data to access device to output to a user to emulate the electronic apparatus. Examiner disagrees, as Banerjee teaches a controller 114a to control the communication of emulation data (Col.7 lines 3-5; Col.11 Lines 15-30). Arguments for claim 1 are found to unpersuasive and rejection to claim 1 is maintained.

Rejections to claim 12, 20 and 29 are maintained as it contains similar limitations as claim 1.

No new limitation was added to the amended claims and Banerjee still teaches all the limitations. Hence, amended claims 1, 5, 12, 16, 20, 24, 29, 33 and 37 remain rejected for the same reasons.

Response to applicant's arguments & amendment for

Claim Rejections - 35 USC § 103

8. Regarding Claim 2-4, 13-15, 21-23 and 30-32

No arguments were presented and claim rejections are maintained for the above-mentioned claims, as respective parent claims 1, 12, 20 and 29 remain rejected.

9. Regarding Claim 6, 11, 17, 25, 28, 34 and 38

No arguments were presented and claim rejections are maintained for the above-mentioned claims, as respective parent claims 1, 12, 20 and 29 remain rejected.

10. Regarding Claim 7, 8, 9, 18, 19, 26 and 35

No arguments were presented and claim rejections are maintained for the above-mentioned claims, as respective parent claims 1, 12, 20 and 29 remain rejected.

11. Regarding Claim 10, 27 and 36

No arguments were presented and claim rejections are maintained for the above-mentioned claims, as respective parent claims 1, 20 and 29 remain rejected.

No substantially new limitation was added to the amended claims and Banerjee still teaches all the limitations. Hence, amended claims 2-4, 6-11, 13-15, 17-19, 21-23, 25-28, 30-32, 34-36 and 38 remain rejected for the same reasons.

Conclusion

13. Claims 1-38 are rejected for the same reasons as presented in previous office action mailed on 8th April 2005, incorporated herein by reference.

14. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
